Get creative with
herringbone

At Karndean we see flooring differently...

We travel the world in our quest to bring you exceptional floors that inspire and delight. From the ancient forests of Europe, to the remote Australian outback and beyond, we seek out expressive and intriguing forms in the natural world to influence our unique floor designs.

By combining these original features with cutting edge design, we create simply beautiful floors you'll love for a lifetime.

Explore our herringbone designs

A herringbone floor is sure to bring a sophistication to any room, from kitchens and bathrooms to bedrooms and living rooms. Look to our Art Select, Van Gogh and Knight Tile ranges for modern herringbone planks in wood and stone designs.

The choice is yours

Contemporary elegance

With clean lines that highlight the natural textures and colour variations in each plank, a herringbone floor is timelessly elegant.

Traditional parquet

Ideal for recreating a classic style in a period home, our Art Select oak parquet designs come in traditional 9" x 3" planks which can be laid in either herringbone or block patterns.

Mix it up

For a statement style, why not combine complementary or contrasting designs for a stunning geometric effect. Select two, three or more of your favourite designs and get creative.

Double it

Add character to your space by doubling up the planks, to create a unique herringbone design with plenty of personality.

Full of charm & character

Our Art Select wood collection features our most intricate designs taking inspiration from oaks sourced from the ancient forests of Europe. These highly realistic textured surfaces are combined with deep bevelled edges to define each individual plank, resulting in a collection that embodies luxury, sophistication and versatility.

Recreate a timeless period style with traditional 9" x 3" planks, featuring a mix of pale and dark golden oak designs and intricate grain details. Or for a contemporary take on the classic parquet style, opt for a modern 18" x 3" sized plank. From the subtle peachy hues of Savannah Oak to the cool grey tones of Glacier Oak, our Art Select collection offers a choice of oak designs that will bring the beauty of the natural world to life in your home.

Clean & contemporary

Taking inspiration from many wood species and natural stone found around the world, our Van Gogh range offers a wide range of designs to choose from, with selected products available in a 28" x 7" plank and others in a smaller 18" x 4.5" plank. With products inspired by European oaks to reclaimed, salvaged timbers, there is a design to suit both contemporary and rustic interiors alike.

Offering a flexible mix of products in a glued-down format or a click-locking rigid core, this collection is ideal for home decorators looking to create stylish interiors with a sense of flow over different subfloor conditions, including uneven or drying floors or where sound transmission from rooms above is a consideration.

Choose a blend of designs and mix them up to create a truly unique floor. Whether you opt for a couple of similar designs for a soft complementary look or a mix of contrasting wood and stone designs for a bold statement, there are endless options to bring character to your space.

Colour and Pattern Reproduction

We are careful to make sure our brochures are accurate and printed to very high standards, but photography and printing cannot always create a perfect representation of our products. For this reason we strongly recommend that you look at a sample of any product you are considering before placing your order.

All of our products are inspired by things we have seen in the natural world. Just as variation in colour and detail is part of the unique beauty of natural materials, it is also a feature of many of our designs. This means that with some of our products you will see natural variation when your floor is laid.
