Your Designflooring journey starts here

Why Karndean?

At Karndean, we see flooring differently.

We travel the world in our quest to bring you exceptional floors that inspire and delight. From the ancient forests of Europe, to the remote Australian outback and beyond, we seek out expressive and intriguing forms in the natural world to influence our unique floor designs. By combining these original features with cutting edge design, we create simply beautiful floors that you'll love for a lifetime.

RKP8109 Reclaimed French Oak

From *our* home

It all began in 1973 when a former flooring installer created a small family business from his family home.

With the belief that luxury vinyl flooring shouldn't just be practical, it needed to be beautiful as well, Karndean was formed. The team set out to travel the world, seeking inspiration from natural materials for what now are the most realistic luxury vinyl flooring products on the market.

The Karndean team worked out of that house for several years with the family's trusty dog, Smokey, the Great Dane who is still present on Karndean's logo today. For the family and Karndean's early employees — many who are still working with us today — these years bring back many fond memories.

Now stretching across the globe, beyond the walls of the original house, the Karndean family and employees continue to move forward with the same passion to deliver beautiful, innovative designs for your home.

to *your* home

Designing your home can be overwhelming. There are many elements that must fit together, from furniture to flooring, to fixtures and everything in between. Where to begin?

We begin a new design with an inspiration, and we are most inspired by nature. What's your design motivation? Is it aesthetic, such as a throw pillow or the perfect paint chip? Or is it lifestyle, a place where you can dance in your pajamas and your babies (both two- and four-legged) can roll around and play?

No matter what drives you, Karndean was created with your needs in mind. We see flooring differently and by combining our original features with cutting edge design, you can create a simply beautiful floor that you will love for a lifetime.

Our simple method will help you navigate the selection process and design your perfect floor, taking you beyond picking a colour and measuring the room. Let's get started!

Why Rigid Core?

Rigid core is a type of floating floor that clicks and locks into place, no adhesive necessary. It can be installed over most existing hard surfaces, meaning less upheaval in your home during installation.

An ideal alternative to laminate and engineered hardwood floors, rigid core offers the same realistic look, but with the durability and waterproof qualities of luxury vinyl.

RKP8215 Warm Brushed Oak

quick and easy to install

With a click-locking system that allows the installer to quickly drop and lock planks together.

installs over most existing hard floors

Rigid core products can be installed over most existing hard floor coverings.

acoustic qualities

Reduces noise transfer to rooms below, making it perfect for upstairs bedrooms, playrooms or attic/loft conversions.

no adhesive required

Due to its rigid core and click-locking mechanism, there is no need for adhesive when installing.

RKP8215 Warm Brushed Oak

OUR PRODUCTS
Karndean Collections

This book is dedicated to our rigid core collections. Check out our other product offerings online or request a brochure.

Scan this QR Code or visit karndean.com

family friendly

Karndean floors offer kids a safe and comfortable space to play, and parents a durable, easy-to-clean surface.

pet friendly

From muddy paw prints, to household accidents, and anything in-between, Karndean floors are designed with pets in mind. Karndean's surface protection system works as a barrier against scuff marks and stains from our excitable furry friends.

Designed to perform

Dish it out. Our floors can take it.

RKT3010-G Sandstorm

waterproof

The product's impervious vinyl backing helps ensure that no moisture gets through the floor.

LIFETIME WARRANTY

Designed for **comfort**

Warm, soft and quiet.

quiet

Karndean flooring is quieter underfoot than natural wood and stone products. It will help to absorb sound and reduce the pitter-patter of paws and high heels across the floor.

warm underfoot

Our products are warmer and softer underfoot than natural wood and stone flooring. For extra warmth, Karndean is easily used with underfloor heating systems.

SCB-KP141 Urban Spotted Gum

RKP8109 Reclaimed French Oak

LIFETIME WARRANTY

durable

All Kardean products carry a lifetime residential warranty. They won't splinter or crack, which means they will carry on performing no matter what life has to throw at them. With many accidents caused by trips and slips, Kardean also helps to avoid trip points and slippery surfaces with commercial grade slip ratings.

environmentally friendly

Kardean is fully certified to Global GreenTag™ and our adhesives are free from harmful emissions. Ensuring the lowest impact on the environment, this certification means that all our products have been assessed and certified to comply with standards for low-omitting volatile organic compounds and indoor environmental air quality.

low maintenance

Designed for a long, low-maintenance life. Our floors have no grime or dirt traps, unlike many of the materials it faithfully replicates.

Designed with you in **mind**

Practical flooring built to last.

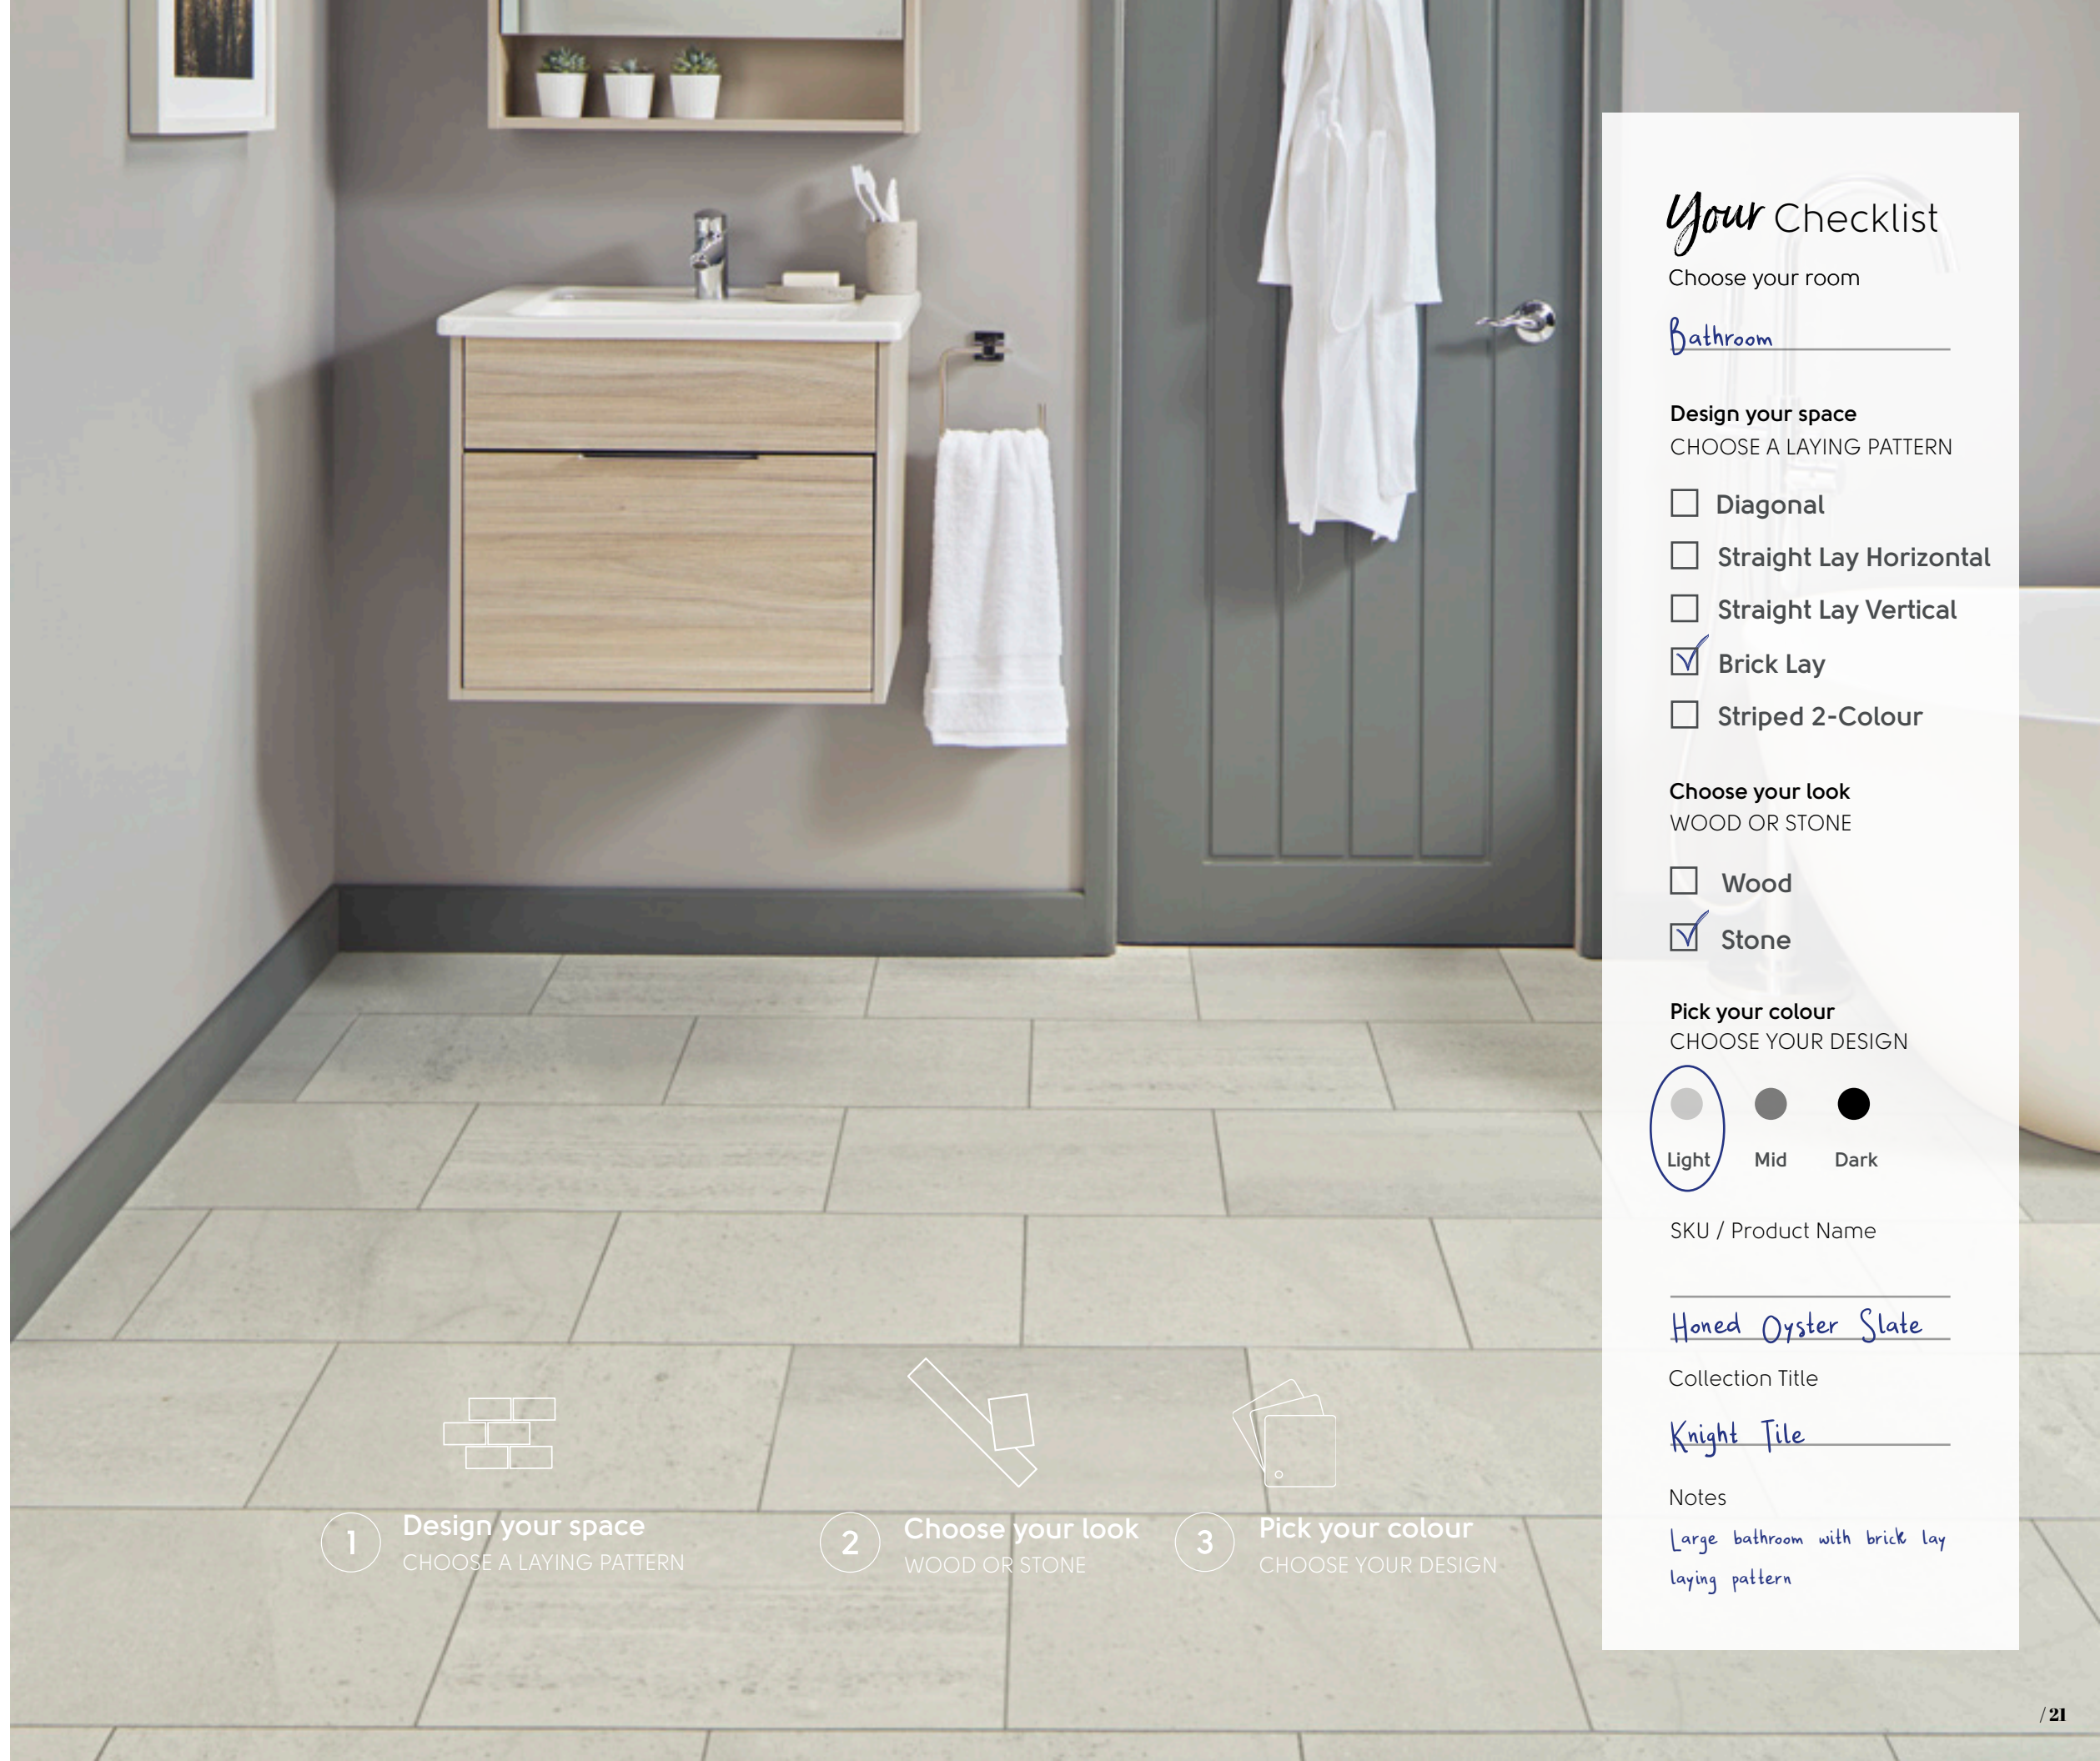

RKP8116 Canadian Urban Oak

RKP8107 Smoked Butternut

Creating *your* perfect floor

It's not just the floor you choose but the direction you lay it that makes a lasting impression.

Large bathroom with brick lay laying pattern

Design *your* space

BRICK LAY STONE

For this space we chose to lay the floor in a brick lay pattern. We chose this as we wanted a traditional look in the kitchen that would work for both directions of travel.

SEAMLESS TRANSITION

We chose to combine a wood and stone look of the same thickness to create a seamless look throughout this open floor plan.

Karndean Process

What's the shape of your space?

Where are the entry points?

How do you enter the room?

Are you updating rooms around it?

Is there any furniture that you're keeping in the renovation?

Laying Patterns

Remember to ask yourself questions like: is it an open area? How will the flooring transition from one room to another? Should I use wood, stone or a combination? To pattern, or not to pattern?

BEHIND THE DESIGN

Brunella Marble

Calacatta marble has long been recognized around the world for its striking beauty, and was allegedly Michaelangelo's favourite stone to carve from. It originates from one single source: a mountainous area of Italy know as the Apuan Alps, making the original product both limited, and expensive.

BEHIND THE DESIGN

French Oak

French Oak has been long-established as a popular choice for both flooring and wine-making, due to its high tannin content which adds flavour to wine and a slow-aged quality to floor boards. These designs embody a rich grain pattern and distinctive markings that will bring a new life to any space.

BEHIND THE DESIGN

Slate

Sourced from quarries located in the heart of England's famous Lake District, these designs were created from formed volcanic rock dating back 300 million years. Only once a year, dynamite is used to extract slabs, which are then manually removed from the quarries. Two designs were created: one, a ground and polished design with an even finish; the other, exposing the natural split in the layers of the slate.

Formats Explained

KARNDEAN RIGID CORE

Rigid core is a type of floating floor that clicks and locks into place, no adhesive necessary. Rigid core can be installed over most existing hard floors, meaning less upheaval in your home during installation. An ideal alternative to laminate and engineered hardwood floors, rigid core offers the same realistic look, but with the durability and waterproof qualities of luxury vinyl. This brochure is dedicated to our Rigid Core collections. For more design options browse our additional product formats below.

KARNDEAN GLUEDOWN

Gluedown floors not only look authentic but allow for the most customization. From the distinctive texture of handscraped hickory to the intricate patterns of quarried stone, each floor mimics its natural counterpart. Gluedown floors can be installed in multiple laying patterns and be paired with design features that allow for personalisation, so your individual style can shine through. Learn more in our Gluedown Brochure.

KARNDEAN LOOSELAY

Featuring our K-Wave™ friction grip backing that holds the product in place, Karndean LooseLay creates a strong bond to the subfloor using a combination of weight and friction, with minimal adhesive. Perfect for temporary and permanent use, Karndean LooseLay is ideal if you are interested in changing out the floor frequently or a permanent floor that reduces noise transfer to rooms below. In addition, it's quick and easy to install and can be laid over most existing hard floors. Learn more in our Karndean LooseLay Brochure.

Colour & Pattern Reproduction

All our products are inspired by things we have seen in nature. Just as variation in both colour and detail are part of the beauty of nature, so too are some of our designs. This means that with some of our products you will see natural variation when your floor is laid.

We are continually developing new ideas and improving on our existing designs. This does mean that sometimes products are withdrawn at short notice. Karndean Designflooring owns all its designs and are protected by copyright.

Karndean Designflooring owns all their designs and are protected by copyright.
